I dont have the same options as you do when trying to remove the duplicates Generic filters Hidden label Exact matches only Hidden label Hidden label Hidden label Blog Coursés Add-ins Ressources Free Training Webinars Tools Downloads About Excel Campus Contact Us Member Login Free eBook Search More results.. They also integrate with Excel's most powerful tools including charts, pivot tables, remove duplicates, PowerPivot, and more.. Thank you Reply Jon says: November 20, 2013 at 2:03 pm Thanks Chelo I am really glad the videos help you.. This is a great read if you are looking to master Excel Tables It also includes tons of information and resources for writing VBA for Tables.. I need a way to scroll down the rows, but still see the column headings that are contained in the top row.
